

Automotive Cleaning Range

A range of high-performance specialised automotive cleaning chemicals

Body Work

The Dogs TFR

- A premium quality, non aggressive, non caustic highly concentrated traffic film remover.
- Includes polymeric rinse aids to enhance the finish of the vehicle after washing.
- Ideal for use by pre-spray or high pressure application.
- Very economical in use.

Pressure Wash TFR

- Concentrated, non caustic, non aggressive TFR for use on vehicle exteriors, engine compartments, wheel arches, door jambs and sills.
- High pressure washers with hot or cold water.
- Extremely economical in use.

Economy TFR

- A specially designed economic formula to rapidly dissolve and lift traffic film, dirt and grime from all types of paint finish.
- Extremely economical in use.

Auto Wash and Wax

- Fast and effective, wash and rinse only advanced car shampoo formulation containing high levels of Carnuba Wax.
- Perfect for gaining that just waxed finish and protection without having to perform separate cleaning operations.
- Leaves behind a high gloss polished look with water beading properties.

Auto Shampoo

- Formulated for washing vehicles by hand.
- This versatile, bodyshop approved, highly concentrated shampoo quickly removes soil and traffic film.
- Free rinsing leaving a streak free shining finish.

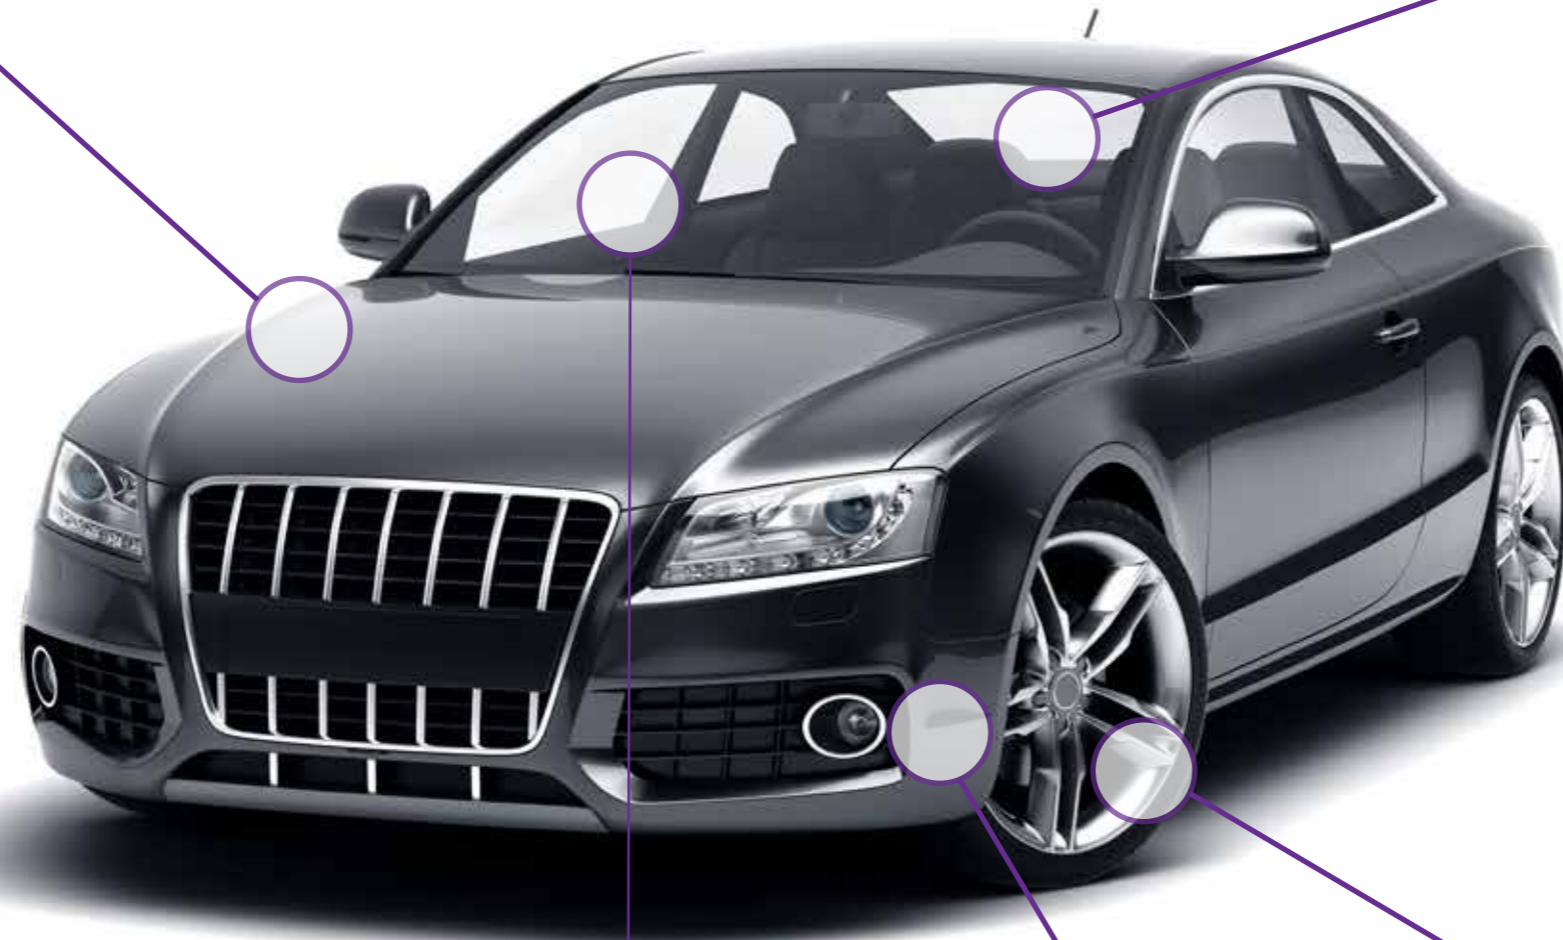

Auto Waterless Wash & Wax

- A no scratch formula which safely washes and waxes cars without water.
- Eliminates the need for a hose and bucket.
- Protects the surface against scratched as it cleans. Leaves behind a glossy synthetic wax barrier which lasts for weeks.

Auto Wax Rinse

- Highly Concentrated wax additive which provides an invisible polymer coating to vehicles giving incredible shine and protection.
- Dramatically reduces drying time.
- Extremely economical in use.

Windscreen

Repel Windscreen Wash

- A concentrated formula which uses nano polymer technology to provide a hydrophobic (scared of water), scratch resistant coating on a vehicle windscreen.
- Water will literally be repelled from the windscreen giving unrivalled driving clarity.

Repel Winter

- Repel Winter works in the same way as Repel but has been engineered to withstand extreme winter temperatures as low as -20°C.
- It also greatly reduces the clearing time of ice and snow from the windscreen.

Krystal Screen Wash

- Highly concentrated, extremely economical screenwash, for all year round usage that can be diluted as high as 30:1
- Provides excellent clarity and streak free removal of dirt bugs and tar.

Auto Glass Cleaner

- A fast, versatile, no mess glass cleaner. Suitable for not only glass but also mirrors and laminate surfaces for that perfect optical finish.

Freeze off De-Icer

- Quickly clears frost from car windows.
- Easy to use trigger spray for spot application.
- Prevents re-freezing.

Accessories
