

Anglian Floor Care Product Range

Preparation

60100 EZ Strip - Rinse Free Stripper

A fast acting rinse-free stripper that leaves no film or residue and is ideal for sensitive floors (i.e linoleum). Use for deep cleaning and surface stripping of waxes, polishes and sealers prior to re-coating.

60120 Terminator - Professional Strength Floor Stripper

A powerful stripper formulated to cut through heavy finish build up, fast. Its low-foam formula is ideal for use with automatic scrubber driers. Use for the removal of heavy build up of floor polish from resilient flooring (vinyl, vinyl composition, marble, terrazzo and concrete). Terminator is a fast acting aggressive formulation and should only be used by knowledgeable operators.

60360 Coterseal - Semi-Permanent Floor Seal

Semi-permanent base coat that penetrates, levels and protects porous floors such as concrete, marble, terrazzo and other porous stone floors. Its also suitable for older resilient flooring that has been subject to multi-stripping or in-proper maintenance. It will not yellow or discolour with age.

60350 Base - Acrylic Base Coat Seal

Seals porous terrazzo, stone and concrete floors to enhance the appearance and effectiveness of floor polish.

60355 Prima - Water-Based Wood Floor Primer Seal

A fast-drying primer seal, suitable for use on all new or newly-sanded wooden floors, prior to the application of floor coating.

Finishes

60370 Polaris - Urethane Wood Finish

Polaris is a premium wood floor coating with an all-urethane formulation, giving it outstanding durability, scuff protection and slip-resistance. The low-VOC Eco-friendly formula protects and enhances wood floors, and the long life of the coating can be further extended by regular maintenance. The finish is ideally applied to floors sealed with PRIMA, or previously finished and prepared floors.

60380 Focus - Low Maintenance Floor Finish

An incredibly tough floor polish that is ideal for fast dry, fast cure, low maintenance situations. Its high performance acrylic polymers and tight cross-linking produce a long lasting shine that is resistant to black marking and scuffing. Focus is suitable for non-buff, spray-buff and high-speed floor care systems. Use on resilient floors such as vinyl, rubber and linoleum, and on terrazzo, concrete, slate, marble unglazed ceramic and quarry tile floors. Focus is particularly suitable for low maintenance / reduced labour settings such as hospital walkways, schools, offices and retail / supermarket stores etc, where high gloss with low maintenance is required.

60390 Omega - Urethane Fortified Floor Finish

A premium water-based polyurethane floor finish with superior gloss. The gloss finish is both durable and easy to repair. Omega is formulated to give a non-yellowing, tough mark resistant film with fast drying and re-coating times. Suitable for all burnishing floor care systems. Use on all resilient floors such as vinyl, rubber and linoleum, and on terrazzo, concrete, slate, marble, unglazed ceramic and quarry tile floors. Omegas durability and repair-ability make in the ideal product for use in both institutional and commercial premises, particularly where traffic hot spots occur

60330 Vectra - Acrylic Emulsion Floor Finish

This incredibly tough 25% solids floor polish is ideal for low maintenance situations. Its high performance acrylic polymers produce a durable, long lasting shine that resists black marking and scuffing, Use on resilient floors such as vinyl, rubber and linoleum, and on terrazzo, concrete, slate, marble, unglazed ceramic and quarry tile floors. Vectra is excellent for high-speed burnishing.

Maintenance

60210 Citrashine - Floor Cleaner and Restorer

Formulated with natural citrus solvents to deep clean, removing heel and scuff marks. Also aids in the buffing process to remove scratches and dull spots. Citrashine contains no wax or polymers, thereby eliminating restorer build-up. Used for cleaning and restoring on all floor finishes. Can be used with mop and bucket, scrubber driers, or spray and buff systems. When used as part of a floor maintenance programme, Citrashine can significantly extend the period between re-coating.

60200 Equaliser - Rinse Free Neutral Cleaner

An excellent product for cleaning all floors. It is pH neutral and dries to leave a film-free surface. Suitable for use with either wet mopping or scrubber driers, and can be used in hard and soft water areas as the formulation is precipitate free. Use for the routine cleaning of floors, and for cleaning following stripping, prior to the application of polish or seal. Equaliser contains no perfume or butyl cellosive and therefore can be used on floors in food processing / handling areas. (Also available with Citrus fragrance).

60230 Puma - Heavy Duty No-Rinse Cleaner

A free-rinsing, non-dulling, low foam all purpose cleaner. Suitable for use with either wet mopping or scrubber driers, and can be used in both hard and soft water areas. Use for cleaning heavily soiled finished floors such linoleum, rubber, asphalt, synthetic, vinyl, terrazzo and sealed wood. Can also be used to clean any washable surface.

60240 Nutech - Low Foam Scrubber Drier Detergent

Low foam scrubber drier detergent for medium to heavy soiling areas. It is ideal for large areas; i.e warehouses floors as its rapid grease cutting ensures that only one pass of the machine is normally required. The non-perfumed formulation will not cause tainting in food production areas.

Anglian Floor Care

High performance, low maintenance products for ANY flooring surface

Wood Floor Coatings

Future Proof Floor Care

Polaris is a premium wood floor coating with a new urethane formulation, offering outstanding performance and durability.

Incredibly **Polaris** achieves a VOC level of under 48g/l while actually outperforming its less Eco-friendly competitors. It is stronger and more resilient than acrylic/urethane blends of its predecessors, while also overcoming the traditional problems of the lifting of wood tannins, which can cause ugly stains. **Polaris** offers outstanding resistance to slips and scuffing, and the long life of the coating can be further extended with high speed buffing equipment, making it the ideal covering for high impact or high footfall floors such as sports halls or school corridors.

As part of a premium quality floor system, **Polaris** also makes a sensible economic investment for businesses. Firstly, it dries fast and requires fewer coats to apply. Then, the ultra-durable performance of a **Polaris** finished floor ensures that the need for costly re-coating and restorative treatments is dramatically reduced.

For best results, seal the wood floor with **Prima** before application, and maintain with **Equaliser** and/or **Citrashine**

POLARIS - Premium Urethane Wood Floor Finish
PRIMA - Fast Drying Primer Wood Seal

Hard & Resilient Floor Coatings

Practical & Beautiful Floors

The Anglian extended range of floor polishes combines acrylic and urethane polymers to produce a truly all-floor approach to floor protection and display. Our products are designed to provide superior slip-resistance and durability on all surface, with options available to suit any cleaning regime.

Low maintenance finishes provide lasting endurance in reduced labour environments where regular maintenance is not possible (such as schools, supermarkets or hospitals corridors). Hardworking and easily repairable finishes like these can significantly reduce labour time and costs.

For a dazzling premium floor, tough high gloss finishes are available to suit high speed buffing and maintenance.

Anglian floor finishes can be used on resilient flooring such as vinyl, rubber and linoleum, and hard floors such as terrazzo, concrete, marble and ceramic tiles. To extend the life of any of these floors, please note the recommendations for preparation and maintenance of our polishes on the label prior to application.
